

INNOVATIVE OUTDOOR ACTIVITY AREAS

INTERNATIONAL IAKS CONFERENCE

SUPPORTED BY THE DEPARTMENT OF SPORTS SCIENCE AND
CLINICAL BIOMECHANICS AT THE UNIVERSITY OF SOUTHERN DENMARK (SDU)
5/6 OCTOBER 2022 ODENSE, DENMARK

PROGRAMME

„INNOVATIVE OUTDOOR ACTIVITY AREAS“
ODENSE, DENMARK, 5/6 OCTOBER 2022

Outdoor activity infrastructure requires less budget than indoor facilities but can serve a larger number of users. Authorities are realising that physical activity spaces in urban areas and in nature improve life and attract citizens and tourists.

What does “Active living” mean for developing cities and providing infrastructure? Which good practices can we learn from? How to

offer outdoor infrastructure and preserve nature at the same time?

With the support of The University of Southern Denmark (SDU) and the two IAKS Expert Circles on Urban Activity Areas and on Nature Activity Areas we invite national and international executives to attend a comprehensive programme including facility visits.

WEDNESDAY, 5 OCTOBER 2022

Guided tour of Athletics Exploratorium and networking dinner

- 15:30 h Welcome coffee at SDU
- 16:00 h Guided tours of Athletics Exploratorium and SDU Sports Science facilities for expert circle members and conference delegates
- 17:30 h End of site visits and transfer to conference hotels
- 19:00h Dinner for Expert Circle members and conference delegates at Odense restaurant

PROGRAMME

THURSDAY, 6 OCTOBER 2022

IAKS Conference “Innovative Outdoor Activity Areas”

- 09:00 h **Welcome coffee & registration**
- 09:30 h **Welcome addresses**
Maria Keinicke, KEINGART
IAKS Expert Circles leader
- 09:40 h **Introduction to SDU Odense**
Professor Jens Troelsen, Head of Department of Sports Science and Clinical Biomechanics, University of Southern Denmark
- 10:00 h **Keynote speech:**
Active Living as foundation for city planning
Jasper Schipperijn, PhD, MSc, Professor at SDU Research Unit of Active Living
- 10:30 h **The importance of physical activity opportunities for outdoor physical activity**
Bjarne Ibsen, MA, PhD, Professor at SDU Research Unit of Active Living
- 11:00 h **Coffee break**
- 11:30 h **Walkable cities as drivers of change**
Rob Goodall, Associate Director Transport Consulting, ARUP
- 12:00 h **Panel discussion:**
Active living and urban development
Maria Keinicke and Jens Øyås Møller with panellists
- 12:30 h **Lunch break**
- 13:30 h **The Athletics Exploratorium: Vision and experiences**
Jens Troelsen, SDU, and Maria Keinicke, KEINGART
- 14:00 h **Transparent design for active involvement of citizens and user groups**
Mikkel Hjort, PhD, Landscape Architect,

Maria Keinicke
Partner and Architect at KEINGART – space activators

Jens Troelsen
Head of Department of Sports Science and Clinical Biomechanics, University of Southern Denmark

Jasper Schipperijn
Professor at SDU Research Unit of Active Living

Bjarne Ibsen
Professor at SDU Research Unit of Active Living

Rob Goodall
Associate Director Transport Consulting, ARUP

Mikkel Hjort
Landscape Architect, Transparent Design

PROGRAMME

THURSDAY, 6 OCTOBER 2022

IAKS Conference "Innovative Outdoor Activity Areas"

14:30 h **Transparent Design (tbc)**
What are the benefits of establishing facilities for urban lifestyle sports?
Signe Højbjerg Larsen, MSc, PhD
Associate Professor at SDU Research Unit of Movement, Culture and Civil Society

Signe Højbjerg Larsen

Associate Professor at SDU Research Unit of Movement, Culture and Civil Society

15:00 h **Coffee break**

15:20 h **Trail Centres for outdoor sports in the cities of Kolding and Silkeborg**
Casper Lindemann
Consultant at the National Olympic Committee and Sports Confederation of Denmark

Casper Lindemann

Consultant at the National Olympic Committee and Sports Confederation of Denmark

15:40 h **Water sports for all: Multi-user facility at Fuglsang lake in Herning**
Jens Øyås Møller, Consultant at the Danish Foundation for Culture and Sports Facilities

Jens Øyås Møller

Consultant at the Danish Foundation for Culture and Sports Facilities

16:00 h **Panel discussion: Outdoor infrastructure for active living**
Maria Keinicke and Steffen Strasser with panellists

Steffen Strasser

IAKS Executive Board Member

16:30 h **Closing remarks and end of conference**

PARTNER

Supported by the Department of Sports Science and Clinical Biomechanics at University of Southern Denmark (SDU)

The Department deals with research, innovation and scientific knowledge based upon studies of the human body, the musculoskeletal system, sport, exercise, active living and movement. Attention is particularly paid to physical activity and exercise in sports and in health promotion, prevention, treatment of diseases and rehabilitation, including cultural, political, psychological and pedagogical aspects of sport and physical activity. The Department is conducting research at a high international level in strategically selected areas. It is concentrating on communicating research results to a broad variety of stakeholders such as municipalities, regional authorities, ministries, hospitals, sporting organisations, private companies, architects, city planners and engineers.
